

SECRETARY OF GLENDALE CHAMBER OF COMMERCE WRITES POSTOFFICE AUTHORITIES OF THIS CITY'S NEEDS

Present Service Inadequate, Community Entitled To Independent Office, Are Statements Made In Communication Sent To Washington

DECRYING THE INADEQUACY of the present postal facilities in Glendale, James M. Rhoades, secretary of the Chamber of Commerce, has addressed a letter to Dr. Hubert Work, first assistant postmaster general at Washington, D. C., stating conditions as they are at the branch of the Los Angeles postoffice here.

Sixteen Nurses Will Graduate From Local Hospital August 15

A class of sixteen nurses is to be graduated from the Glendale Sanitarium and Hospital Training school, August 15, at 8 o'clock. The exercises will be held from the Seventh-day Adventist church on Isabel street. Complete details of the commencement program have not as yet been arranged but will be announced later.

The members of the graduating class are as follows: Emma Lillian Munson, Olive Winifred Evans, Ethel Valena Gyes, Elizabeth Evelyn Buhler, Ila Marie DeCamp, Fern Lorella Bostwick, Bessie Jane Gerald, Martha Marie Schuler, Veda Sue Marsh, Hazel Wilma Roberson, Elsie Schmidt, Louise Unruh, Harriet May Alderson, Mabel Mary Stierwalt, Bessie Mabry Baker.

Robert H. Orr Chosen As Church Architect

Robert H. Orr of Los Angeles has been chosen as the architect for the new \$150,000 Presbyterian church building which is soon to be erected on the northwest corner of Harvard and Louise streets. This decision was reached last night at a specially called meeting of the building committee, after that body had spent all day yesterday visiting and inspecting church buildings in Glendale, Pomona, Whittier and Long Beach. Mr. Orr's work was selected as the best only after more than thirty churches had been observed in the various cities.

Now that the architect has been selected the committee, with the aid of Mr. Orr, will immediately proceed to draw up contracts, notify prospective bidders and make general preparations for the erection of the mammoth structure.

The building committee consists of W. G. Clendenin, chairman; H. L. Finlay, R. T. Isitt, James Cooper and W. S. Perrin.

Mr. and Mrs. G. Ellis Obtain Property Here

Mr. and Mrs. G. E. Ellis and two children, Evelyn and Warren, formerly of San Pedro, are among Glendale's newest arrivals, they having come here this week. Mr. Ellis has purchased a half acre lot and home at 1108 Monterey avenue, where his family has already taken possession.

Mrs. Ellis is a relative of J. V. Collins of 600 North Maryland avenue.

Mr. and Mrs. W. Root Back From Catalina

Mr. and Mrs. W. Darwin Root returned to their Glendale home Tuesday evening after six days' enjoyable rest spent at Avalon on Catalina Island. Mr. Root reports some success as an angler, fishing being his favorite recreation outside of working. On September 12 he will take up his duties again as instructor in United States history and government at Jefferson high school in Los Angeles.

Mr. and Mrs. A. Wilson Hermosa Beach Guests

Mr. and Mrs. A. F. Wilson and daughters, Hazel and Pauline, motored to Hermosa Beach on Tuesday evening, where they were guests of Mrs. Thomas G. Love and Miss Madeline Love of this city. Mrs. Love and her daughter are enjoying a two weeks' outing at the popular beach resort.

C. H. Florochutz Is Purchaser of Property

J. F. Chandler, of Chandler's Log Cabin, reports the recent sale of a lot in the 600 block on East Lomita to E. H. Florochutz of this city. The lot was formerly the property of B. H. Hahn of Los Angeles. Mr. Florochutz has already begun the erection of a five-room residence.

In addition to his own letter, business and professional men—members of the Chamber of Commerce—also are forwarding letters with additional information relative to this city's desire for an independent postoffice. Following is the letter by Mr. Rhoades which brings to a climax a ten-year fight for a postoffice in this city:

Tells of Delays in Service
"Glendale, California, is a city of more than 20,000 population and is growing very rapidly. It possesses six good, substantial banks, many business houses and manufacturing plants.

"It is now being served with mail service through the Los Angeles postoffice. All mail from the north coming to Glendale passes directly through Glendale and on to Los Angeles, a distance of about ten miles, from there it is worked over and sent back to Glendale, which means a delay of from six to twenty-four hours. In answering the mail we are faced with the same condition, a letter going up state is mailed at Glendale, taken from here into Los Angeles and then from there it is sent right back through Glendale, causing a second delay of from six to twenty-four hours. This is intolerable and unjust to the business interest of Glendale.

Cites Inadequate Conditions
"The sub-station in Glendale, commonly called the postoffice, is constantly short-handed, seldom is there but one window open for the sale of stamps, registration of letters, purchasing of money orders, general delivery and other business transacted with patrons of a postoffice. It is very seldom there is not a line of people at this window waiting to be served and who are compelled to wait their turn from five to twenty minutes, and this, business men cannot afford to do.

"The space allotted to the sub-station is wholly inadequate to serve a city of this magnitude. It is run with short help, which impairs the service. The writer feels, and this is the general sentiment of all our people, that Glendale is entitled to better service from the postoffice department.

"A petition has been filed with you asking for an independent postoffice. This has been done with but one idea in view, that of adequate and better service and with a city growing as rapidly as this one is, we sincerely trust that you will see the many difficult problems we have before us and that you will grant the petition before you. It is just, equitable and greatly needed."

Local Legion Members to Be Banquet Guests

Several members of Glendale Post No. 127 of the American Legion are planning on attending the dinner and entertainment to be given on Friday night of this week by the Los Angeles County Inter-Post Council at Pasadena. The gay affair will be held in honor of Byron Pitts, who is the state commander of the Legion, and several hundred ex-service men are expected to be present to manifest their esteem of their departmental leader.

Following the banquet, which will take place at 7 o'clock in the patio dining room of the Hotel Vista del Arroyo, the "buddies" will adjourn to the ballroom, where an informal dance will be enjoyed until midnight.

S. J. Gibbons Plans to Erect Bungalow

S. J. Gibbons of 1124 Viola street has recently taken out a permit for the erection of a house at 1423 Stocker street, of which he is the sole contractor and builder. The house will be a modern five-room bungalow, including all up-to-date conveniences. Mr. Gibbons, who built his present home last spring, expects to complete the house within ninety days. He will do the rough outside work, interior finishing, plastering and painting, but will leave the plumbing for an expert.

FOUR-ROOM RESIDENCE
The McGregor Realty company has just begun the erection of a four-room residence on the southeast corner of Valley View road and Lorraine street.

Richard Koehler Has Set New Record for Quick Building Action

Although Glendale lays claim to many records attained during the past few years, an incident that took place last week "takes the cake" over them all. Richard Koehler of 608 East Colorado boulevard looked over the lot at 814 East Harvard street in the morning, purchased it a half hour later and on the same afternoon had several loads of lumber on the premises with a crew of workmen on the scene putting in the foundation. The property was purchased from H. D. Goss of this city.

In speaking of the episode Mr. Koehler remarked that his record rivaled the story told by the Irishman regarding the speed with which New Yorkers erect buildings. "I walked along a sartin' street one mornin' an' seen two men diggin' a hole. 'Would ya' believe it, that very same night I passed the same spot and saw a fifty story buildin' standin' there, with the landlord puttin' two families out for not payin' their rent.'"

Henry P. Holmes, 82, Dies Result of Stroke

A number of Glendale people will be grieved to learn of the death on Tuesday, July 26, 1921, of Henry P. Holmes, a Civil War veteran, at the Soldiers' Home in Sawtelle. Mr. Holmes, who was 82 years old at the time of his death, was a well-known figure in Glendale, having been an uncle of Mrs. M. O. Birge of this city. Several weeks ago Mr. Holmes, whose home was in Sanger, California, came to southern California to spend the rest of his days at the Soldiers' Home. At that time he was in the best of health, and only recently was he attacked with the severe stroke of apoplexy that caused his death.

While in Glendale he was the guest of Mr. and Mrs. E. R. Hamilton of 216 North Jackson street. Mrs. Hamilton is a sister-in-law of Mrs. Birge.

Mrs. Frank Weetman Expecting Her Cousin

Mrs. Frank Weetman, manager of the La Ramada restaurant, is in receipt of a letter from her cousin, Miss Edith Cantrell, to the effect that she will arrive in Glendale within the next few days. Miss Cantrell, whose home is in Sheffield, England, recently arrived in New York for an extended visit to America. She has spent the past two weeks with relatives on the Atlantic coast, this being her first trip to the United States. Mrs. Weetman announces that her cousin will remain here several months, and also that she may decide to make her permanent home in Glendale.

Wallace Tupper's Car Is Stolen From Garage

Some time between 8:30 last night, when Wallace Tupper and family of 1401 East California street drove home from the library in their 1920 Ford sedan, and 7 o'clock this morning, an auto thief or thieves entered their garage, which faces on Verdugo road, and made off with the car. The loss was not discovered until this morning. Tracks indicated that the machine had been driven up Verdugo road toward the foothills. The machine was insured with the Union Automobile Insurance company of which Clinton L. Booth is agent.

Mrs. W. T. Plumb Has Guest From Tennessee

Mrs. W. T. Plumb of 343 Milford street has been entertaining as her house guest, Wayne Deupree of Memphis, Tennessee. Mr. Deupree is an old friend of Mrs. Plumb's son, Charles A. Plumb, and during his stay they took many pleasant sight-seeing trips, visiting San Diego and all the near beaches. Mr. Deupree left Thursday and will visit San Francisco and Denver on his way home.

K. K. K. Girls Enjoy Supper, Canoe Party

The K. K. K. girls of Glendale held a jolly capoe party at Echo park on Monday night, serving a picnic supper on the lawn and spending the time, after the stars came out, paddling on the lake. Those who enjoyed the affair were Margaret McPherson, Alice Lookabaugh, Della Young, Dorothy Hamilton, Ruth Sanford, Hazel Myers, Bob Ford, Lawrence Stuart, and Hugh Freeman.

Whit Burnett Visitor With Gil A. Cowan

Whit Burnett, night editor of the Associated Press in Los Angeles, was a guest yesterday of Gil A. Cowan, city editor of The Glendale Evening News. Both were employed on the editorial staff of the Salt Lake Morning Herald last year. Mr. Burnett is widely known as a paragrapher or columnist, his verses and sayings being published in many magazines. He was greatly impressed with the beauties of Glendale after seeing Verdugo Woodlands and other residential sections.

Miss Eunice Peart Leaving for Illinois

Miss Eunice Peart of 111 East Elk avenue is leaving Sunday for a month's visit with friends in Illinois and Iowa. She will first be a guest of Mrs. George Marshall of Belvedere, Illinois, and on her return trip will stop at Boone, Iowa, for a few days with Mrs. F. L. Payne. Both Mrs. Marshall and Mrs. Payne have visited in Glendale and Mrs. Payne plans to spend the coming winter here.

G. L. Knox Family Is Now Visiting In Cuba

Word has been received that Mr. and Mrs. G. L. Knox and family of 1007 North Louise have arrived safely in Cuba and enjoyed their trip very much. They met with pleasant weather at all times except when going through the Imperial Valley. This was the first ocean voyage for the children and it proved a great novelty and pleasure to them.

BIDS TO BE CONSIDERED
At the regular meeting of the city council tonight bids received last Thursday on sewer pipe for the business district system will be taken up for consideration. The council also will consider the budget in its final form and it is probable that it will be adopted.

Today's World News In Brief

(By United Press to Glendale Evening News)

SECRETARY OF TREASURY GIVES STATEMENT TO SENATE

WASHINGTON, July 28.—Secretary of the Treasury Mellon today gave the senate finance committee the first outline of his plan for collecting the \$11,000,000,000 Europe owes the United States in principal and interest.

'MASKED BANDS' ARE BEING SUBJECTED TO INQUIRY

DALLAS, Tex., July 28.—The federal government is making a searching investigation into the affairs of the Ku Klux Klan and other masked bands in Texas, it was disclosed today when Federal District Attorney C. Zweifel arrived here for a conference with federal agents. Zweifel admitted that he has not yet made a close study of the Ku Klux Klan activities and other masked bands, but characterized the situation as "very serious." He refused to state just what action the government will take, but said "the matter is being investigated by federal authorities."

FORMAL CALL FOR CONFERENCE TO BE ISSUED SOON

WASHINGTON, July 28.—President Harding and Secretary Hughes today were prepared to issue formal call for the Washington disarmament and Pacific conference. Hughes expects to reach an immediate agreement with the powers on a date for opening of the conference. President Harding wants the date for the conference to be November 11, Armistice day. Invitations from a number of Pacific coast cities, asking that the discussion of Pacific and far eastern questions be held there are reaching the White House and the state department.

SAYS AMERICA MUST INTERVENE IN UPPER SILESIA

PARIS, July 28.—"America must intervene in the Upper Silesian controversy to prevent a Polish-German war which could easily ignite another European war," Adalbert Korfanty, leader of Polish insurgents, declared in an exclusive interview with the United Press here today. "There is real danger of such a war unless the Silesian issue is settled promptly and definitely," Korfanty declared. "It is difficult to see how this is possible unless the United States intervenes. It is necessary that 15,000 troops be sent to Silesia to enforce the allied decision on the division of that territory. The Germans are pledged to resist any division that does not strike them as favorable."

OTHER OFFICIALS OF TRUST CONCERN UNDER INQUIRY

CHICAGO, July 28.—Authorities investigating the crash of the Michigan Avenue Trust company, today turned their attention to probing financial affairs of other officials of the institution, beside those of Warren G. Spurgin, missing president. Information that some of the directors and other officials knew of the bank's precarious condition some time before its doors were closed with a shortage of approximately \$1,500,000 was given detectives from several sources. Mrs. Spurgin and her daughter Vivian, who have been released from custody, were reported to have told authorities of statements made by Spurgin before he fled that he had one or more aides in looting the bank.

FARMERS NOW EXPERIENCE RETURN TO PROSPERITY

WASHINGTON, July 28.—Farmers, first to feel the pinch of the nation-wide economic depression, now are beginning, ahead of any other classes of business, to experience a return to prosperity. One of the greatest grain movements in history now is crowding the facilities of the railroads, according to reports received by the Association of Railway Executives. Grain shipments during the last five weeks broke records of more than two years' standing. Cars loaded with grain totalled nearly 298,000 during June and the first two weeks of July, the records show. During the week ending July 16 alone, grain loadings totalled nearly 57,000 cars. Farmers are crowding grain to market in such quantities that in some places there is not sufficient elevator storage space. Difficulty in handling grain receipts was reported at Chicago and Galveston.

BAD BREAK OCCURS ON EXCHANGE IN PRESSED STEEL

NEW YORK, July 28.—Except for a bad break in Pressed Steel Car at the opening there was little change of importance on the stock market list today. Pressed Steel Car, which opened at 58, off 7 3/4 points and nearly fifteen points in two days, was under pressure as a result of announcement after Wednesday's close of the deferring of dividend in that stock. United Drug, which has had a thirty point break this week, opened at 62, up five points. Traders sold the other equipments on the break in Pressed Steel Car but did not make much progress. Rails were fractionally higher. The list continued irregular. Bear operators, working on the theory that the break in United Drug had weakened the position of New England investors, sold other stocks largely held in that section. United Fruit and Atlantic Gulf were among the stocks selected and the former sold off nearly four points to 101 1/4.

FAIL TO FIND TRACE OF GOVERNOR SMALL, INDICTED

CHICAGO, July 28.—Where is Len Small? The indicted Illinois governor who stands indicted of embezzling huge sums of state money, had dropped from sight today. After spending Wednesday in Chicago in consultation with his political friends and legal advisers, the governor was supposed to have left for his home at Kankakee last night. The train Small was supposed to have taken, on arriving at Kankakee, was met by his wife and other members of his family. The governor did not appear. Mrs. Small, apparently greatly worried, was meeting every train today, but the governor had failed to show up. Mrs. Small said the governor was not in Kankakee and said she did not know where he was. Friends and advisers of the governor here said he had gone either to Kankakee or Springfield. The executive had not arrived at the state capitol. All Chicago newspapers who had squads of men trailing the governor while he was here, admittedly lost trace of the executive following the conclusion of his conference at the Congress hotel yesterday. In some quarters it was believed that the strain and worry of events of the past few days has caused friends of the governor to advise him to seek a secluded spot for a few days' rest before taking his next step to fight the court order of his arrest.

GRACE W. UTTER AND WILLARD LEARNED ARE MARRIED

Ceremony Takes Place at San Dimas; Two Pastors Assist at Service

A wedding of considerable interest to many residents of Glendale was that which took place last night at San Dimas, the contracting parties being Willard F. Learned of Sixth street, near Grand View, and Miss Grace W. Utter of Corona, formerly of Glendale, both of whom have many friends in this city.

The ceremony took place at the home of Mr. and Mrs. Walter Tangeman, brother-in-law and sister of the bride. Mrs. Tangeman will be remembered as Elvira Utter. Only immediate relatives of the young couple witnessed the ceremony, at which Rev. J. W. Utter, father of the bride, and Rev. Clifford A. Cole officiated.

Sister Is Bridesmaid

The wedding march was played by Miss Dolores Cassel of San Dimas. Little Bettie Scantland of Los Angeles, dressed in pink and carrying a beautiful bouquet of flowers, led the bridal party. Miss Elizabeth Utter, sister of the bride, was bridesmaid. She was attired in pink organdie and carried a spray of pink sweet peas. The bride was very beautiful in her gown of white organdie and carrying a shower bouquet of bride's roses and lilies of the valley.

C. W. Stellar, college chum of the bridegroom, acted as best man. The ceremony took place between banks of flowers and ferns in the spacious living room of the Tangeman home.

Here for Five Years

Mrs. Learned was a resident of Glendale for five years. Her father, Rev. J. W. Utter, was the founder of the local Christian church and the entire family is held in high esteem by the older residents of this community.

Willard Learned has lived in Glendale since his childhood. He was graduated from Glendale Union High school with the class of 1917 and from Occidental college last June. He is the only son of Mr. and Mrs. E. H. Learned, and has dedicated his life to religious work. He has been the successful superintendent of the Central Christian Sunday school for four years.

Volunteers in Mission Field

Mr. Learned is preaching temporarily for the Christian church at Oceanside. Both he and his bride are volunteers for the mission field and will enter the Missionary Training school at Indianapolis in September in preparation for work in China. Until leaving for Indianapolis they will make their home at Oceanside, making frequent visits to Glendale and other points. The young couple have been sweethearts since the days of the bride's residence here. Hundreds of young folk over southern California are friends of both and will be wishing them a great future.

Mr. and Mrs. S. Warren and Daughter at Home

Mr. and Mrs. S. A. Warren and daughter, Marie, of 1418 East Maple street have just returned from a delightful week's outing at Big Pine, on Big Bear lake. They spent most of their time riding horseback and boating on the lake and report that the fishing is not very good there this year. Other members of their party were Norman Enz and Miss Calla Peterson.

Mr. and Mrs. Parkinson Are Now In Milwaukee

Mr. and Mrs. Walter K. Parkinson of 915 Mountain street, who left Glendale several weeks ago for an extended tour through the eastern states, have reached Milwaukee, Wisconsin, where they are visiting relatives. Before returning to Glendale some time during fall they will travel as far east as Boston.

Mr. and Mrs. J. Watson Purchasers of Home

Mr. and Mrs. J. F. Watson have purchased the Anderson home at 550 West Harvard street and moved in this week. They are recent arrivals in the Southland, coming here from Tacoma, Wash., where Mr. Watson was in the retail shoe business for twelve years. Like most newcomers they are getting acquainted through The Glendale Evening News.

HEY, BOYS! GIRL IS LEADING RACE TO FIRST BICYCLE!

**Doris Magarell Is Out to Win
Wheel No. 1; Parents
Aiding Young Folk**

A girl steps to the fore in The Glendale Evening News Bicycle Subscription club.

She is out to win the first wheel—and at the present rate it will be hers in a few days.

Doris Magarell got two and one-half years yesterday of the required twenty new yearly subscriptions or their equivalent. She is making hay while the sun shines and the boys are at the swimming pool.

Here's how little Miss Magarell meets with such success. She signs her prospects for six months or a year—not three-month subscriptions.

She Will Make Success
Then, too, she is a persistent worker. She doesn't report in until late, but when this girl comes to The Glendale Evening News office she has the orders.

Several boys are doing well and several others could do better if they would work. The Glendale Evening News has one of the fairest propositions ever offered in a subscription club. The very thoughts of the \$65 Harley-Davidson bicycle awaiting them should spur the youngsters on to victory.

Many parents are aiding their children in the evening by asking friends and neighbors to help themselves and others, too.

Several Realty Sales by Edith May Osborne

Edith May Osborne of 210 West Doran street reports several sales this week. One, a charming bungalow on West Salem street to Mr. and Mrs. Herbert A. Proctor, who have fallen in love with Glendale and have been trying for some time to find a house they could make their home.

Mr. and Mrs. S. Kogland of Los Angeles have purchased a lot on West Myrtle and will soon erect a six-room bungalow there.

Postal Authorities In Holland Show Activity

A dollar's worth of service for 5 cents!

That's what Dr. Henry R. Harrower of the Harrower Laboratories got from the postal authorities at The Hague, Holland.

A "first class" letter addressed to a Holland firm was returned yesterday from the Dutch capital after attempts were made in all of the twenty-six districts of the city to deliver the missive.

Speaking of the incident, Dr. Harrower said: "While not in any way casting a slur on our own postal system in the United States, this certainly, to my mind, is evidence of the thoroughness with which they do things over in Holland."

Dr. and Mrs. Dutcher Entertained at Dinner

Mr. and Mrs. E. W. W. Hayward of 307 North Kenwood street entertained as their dinner guests last night Dr. and Mrs. Dutcher. Dr. Dutcher is professor of history in Wesleyan university, Middletown, Conn., and is lecturing at the U. S. C. summer school.

'Woman Must Pay,' Is Statement of Wife of Missing Trust Officer

CHICAGO, July 28.—"The woman must pay," Mrs. Myrtle Spurgin, wife of the missing president of the Michigan Avenue Trust company, declared today.

Mrs. Spurgin and her daughter, Vivian, were held under police supervision at different Chicago hotels, while police grilled them regarding their information on the bankers' flight.

The two women arrived from Detroit last night and were taken into custody before they left the train. Authorities believed the banker, whose shortage in accounts may total \$1,500,000, fled to Mexico while he sent his family north in the hope of leading officials to believe he would join them in Canada.

Mrs. Spurgin said her husband told her "goodbye forever" before he fled. She denied she and her daughter went to Detroit on his instructions.

Chaffee's Employees Hold Meeting Here

About 100 employees of District No. 3 of the Chaffee chain of grocery stores met last night at the local store No. 30 at 113 North Brand boulevard at their regular monthly district meeting. They came from the various stores in Hollywood, Highland Park, Burbank and Glendale.

The principal speaker of the occasion was H. H. Ledigo, who is the head sales manager of the entire southern California group of grocery stores. His subject, "Intensive Salesmanship" was one of utmost importance to his audience, which was composed entirely of employees of the firm. J. W. Beasley, the recently-appointed district manager, also made a short talk, telling of the various phases of the grocery business.

Following Mr. Beasley's speech the managers and other officials of the company held a short business session, in which they outlined the salesmanship campaign to be adopted during the remaining summer months.

During the evening it was officially announced that G. Belloli had been transferred from Hollywood store No. 26 to manager of Glendale store No. 17 to succeed Robert Freeman, who recently resigned the position.

Half Billion Slash In Taxation Is Planned

WASHINGTON, July 28.—Republican leaders of the house have virtually decided to reduce taxes so that the total yield will be about \$500,000,000 less than the treasury department estimates will be necessary to run the government during the present fiscal year.

The object of this reduction is to force the most drastic economy in governmental expenditures.

Build Boat Far From Water, But Remove It There and---It Floats

Although the nearest body of water was several miles away from them George and John Fraley of 212 North Glendale avenue were determined they could build a sea-going craft. The boys, who are 16 and 13, worked long and diligently on their canoe, only to be met with adverse criticism by their many friends and relatives when their boat was finally finished. "It won't float," "Look at the tub," "What is it, a plow?" and "I told you so" were a few remarks hurled at the youthful nautical architects and builders, as they exhibited their completed specimen to a group of friends.

Last Sunday, however, they took their canoe, which is twelve feet long, to Venice and had little trouble in braving the surf, paddling for more than a mile out into the ocean. Although it was the first boat ever attempted by the two boys it was as perfect as though it had been modeled by an expert. The craft was made of wooden hoops and canvas, and is regarded by the boys as "some boat."

Dr. and Mrs. John Parsons of San Francisco were the guests for several days this week of Mr. and Mrs. J. D. Hull of 832 1/2 East Broadway. While here they enjoyed some sight seeing trips around Glendale and Southern California. Dr. and Mrs. Parsons left for their home in the northern city this morning.

"Captain" Michael Kostoff, Russian army hero and butler in the home of Hulett C. Merritt, Pasadena millionaire, loved the latter's daughter, Mrs. Rosalie Haupt, who is the mother of two children. Now Kostoff is in jail facing a lunacy charge. There seems to be some question, however, if he is more insane than anyone else who falls in love.

They Do Good Job of Lot Cleaning But on Wrong Lot, It Seems

G. Kallweit, employed by the Crown cafe has established himself as the most generous and public spirited citizen of Glendale, at least in the mind of one local property holder.

Yesterday morning Mr. Kallweit halled two boys on the street and asked them if they wanted to work. Upon receiving an affirmative answer he directed the boys to clean his lot at 250 Chester street and to report back to him for their pay.

The youths showed up on the lot with wet sacks, buckets of water and hoses—and did a very nice job. They returned to the Crown cafe, informed Mr. Kallweit that their work was completed and received their compensation.

Late last night when Mr. Kallweit went to his lot to inspect the job he was dumfounded to find that weeds and brush were all over the property. Thinking that he had been made the "goat" he immediately looked up the boys, only to find they had cleared the lot at 250 Chestnut street, instead of Chester street.

Since the little episode Mr. Kallweit has coined a new adage, "Better specific than never."

GEORGE BEBAN STAR IN PICTURE AND ALSO AUTHOR

'One Man In Million' Being
Shown at Palace Grand
for Today Only

"One Man in a Million," the picture you have waited a long while to see, comes to the Palace Grand today only. George Beban, famous portrayer of foreign dramatic characters, appears in the leading role after having written, produced and directed the picture. It contains a superabundance of all of the elements of interest so essential to the successful photoplay.

When Mr. Beban made "One Man in a Million," he made a picture that will stand as a monument to the many successful years he has spent in the theatrical profession. Recognized internationally as a brilliant actor, Mr. Beban has never appeared on the stage or screen in a vehicle so well adapted to his wonderful ability. Critics who previewed this picture here some weeks ago agree that this picture is one of the greatest ever projected on the silver sheet.

The story of "One Man in a Million" is told in the foreword which declares that now and again there is born, in a humble sphere, a man who lives in the image of his Maker. As Lupino Delchini, a humble Italian, Mr. Beban sets an example of honesty and love which, if practiced at large, would make for a brighter existence.

"The Simp," a Mermaid comedy, made in Glendale, provides the comedy half of the bill while the latest news views round out the program.

Makes Charges Against 7 Black Sox on Trial

By CARL VICTOR LITTLE

United Press Staff Correspondent

CHICAGO, July 28.—"Billy" Maharg came back today and pointed an accusing finger at the seven black Sox on trial for alleged throwing of the world's series in 1919.

Maharg, who screamed from the sporting pages a decade ago as a lightweight fighter, battled again today to knock out crooked baseball.

The "mystery" witness was the "good man Friday" to Bill Burns, confessed baseball renegade, who turned state's evidence against his alleged fellow conspirators.

Maharg said he met Burns in New York before the series.

"I was in conference with Burns, Cicotte and Gandil," said Maharg.

"We discussed throwing the series at the Ansonia hotel in New York. Cicotte said he would throw the series in any order the gamblers wanted."

"I went to Philadelphia to raise \$100,000 to buy the players. I could not raise it."

Q.—What conversation did you have with Burns at the Ansonia after Cicotte and Gandil left?

A.—Burns told me these boys had agreed to sell the series for \$100,000 so gamblers would make a cleaning. Burns asked if I could raise the money. I told him I would try.

Begin Married Life In Rather Unique Way

SEATTLE, Wash., July 28.—Dr. Leslie Spear of the department of sociology at the University of Washington, and Miss Erna Gunther of Brooklyn, N. Y., have entered married life in a unique way, according to word received here.

They are legally married, but neither of them promised to "love, honor, obey, cherish and protect."

The magistrate who married them didn't "pronounce them man and wife."

Dr. Spear and Miss Gunther merely signed a marriage contract before a justice.

Seeks Consolidation of County Positions

SACRAMENTO, July 27.—Consolidation of the offices of the horticultural commissioner and county sealer of weights and measures in twenty-three counties will be put up to Governor Stephens by George Hecke, director of the state department of agriculture, he announced today.

The plan, which will apply to the smaller counties, is to provide more salary for officials by giving them sufficient work to keep them fully occupied.

FOUR AMERICANS ARRESTED

NOGALES, Sonora, Mexico, July 28.—Four Americans, alleged cattle thieves, are under arrest in Hermosillo, capital of Sonora, according to advices from that city today.

Governor Francisco Elias has announced his intention of delivering the men to American authorities, it was said.

The four, said to be Americans, were captured in a pitched battle with twenty fiscal guards under command of Administrator A. G. Rivera, in which Serapio Reyes, cowboy, was killed.

First Class Wireless Station for Glendale Will Be Established

Glendale is soon to have a first-class wireless station, according to Carl Anderson of 3732 Seneca avenue. Mr. Anderson, who is a member of the Southern California Radio association, will be associated in the project with Jerome Erickson and LeRoy Olson of this city and Herman Kerchoff of Los Angeles. All of the young men are experienced in wireless work, Mr. Olson having been a radio operator in the United States navy.

Work on the installation of the plant will begin immediately, and it is expected that it will be completed within a few weeks. When finished the "outfit" will be able to catch wireless telegraph and telephone messages from all parts of the world.

Russ Demonstrations Are Beyond Control

LONDON, July 28.—Demonstrations beyond control of military and civil authorities are raging in Russia, as a result of famine, according to Russian newspapers received here today.

Starving refugees, sweeping across country by thousands toward Moscow are stripping the land like locusts. Cities have been looted and all animals seized and killed for food.

Soldiers, discouraged by cuts in rations have joined demonstrations in Petrograd and Moscow, the reports said.

Petrograd was the scene of extensive riots on July 19 and 20, in which 100 unarmed participants were reported killed and 1,500 wounded.

Women have joined in the demonstrations and many of them have been killed by firing squads, it was reported.

The city of Tamboff was practically devastated July 20, according to the newspaper Isvestia. Soviet authorities sent troops out to check the starving invaders from the Volga region.

The refugees, tottering as they came, marched doggedly on in the face of bayonets and the sharp commands of the soldiers. The troops did not have the heart to fire on them and they staggered into the city.

Cavalry horses were sacrificed for food, the city being unable to care for the refugees otherwise. The fire department was the next to be deprived of its animals. Finally private carriage and cart horses were shot, thousands of refugees fighting over the carcasses.

Over six hundred thousand men, women and children are overflowing the provinces of Tamboff, Penza and Verones, according to the Isvestia figures.

Riots, similar to those in the city of Tamboff, were said to have occurred in numerous smaller places, including Jarocav and Nijivogorod.

Jack Dempsey Asserts

Marriage Talk 'Bunk'

LOS ANGELES, July 28.—"It's the bunk!"

With this emphatic assertion, William Harrison Dempsey, heavyweight champion of the eastern and western hemispheres, disposed of the persistent rumor that he had married Miss Sylvia Jocelyn, film actress.

"I'm not married to Miss Jocelyn. I'm not engaged to her. The stories aren't true. In fact," Mr. Dempsey concluded, "they're the bunk."

Miss Jocelyn herself could not be reached.

Her mother, living in Hollywood, also denied the rumor.

"Sylvia and Jack are not engaged," said Mrs. Jocelyn, "and they most certainly have not been married."

Dempsey was divorced some years ago from his first wife, who appeared against him in the "slacker" charges preferred in San Francisco, which were eventually discredited.

Arrest of Governor Left to Convenience

SPRINGFIELD, Ill., July 28.—Governor Len Small will not be arrested until he returns to Springfield.

Sheriff Henry Mester, in conference with State Attorney Fred Mortimer, reached this conclusion and sent the following telegram to Governor Small's attorney in Chicago:

"Replying to your telegram will say that it is unnecessary for Governor Small to go to the inconvenience or trouble of submitting himself to arrest in Chicago. He can advise on his return this week and process can be served here. Please wire day Governor Small will be in Springfield for this purpose."

MUSICAL COLLEGE DIRECTOR TELLS ABOUT PLANS

Albert N. Short Says City to
Be Cultural Center; Co-
Operation Sought

Albert N. Short, managing director of the California Academy of Music, who addressed the Citizens' Building Corporation directors yesterday noon, as told in last night's edition of The Glendale Evening News, has the utmost confidence in the progress of this community as a cultural center. In an interview relative to getting quarters here in the new Chamber of Commerce building, which has been taken up for further consideration by the building directors, he summed up the plans for his institution as follows:

"We are confident that we have selected an admirable coterie of instructors in all departments, and do not believe that they can be outclassed for talent, ability, and devoted enthusiasm in their work."

"Our plans for the immediate future have been perfected, and we want to enlist the active support and co-operation of everyone in Glendale who is seriously interested in making of the city a cultural center. We realize fully that we cannot succeed without the loyal support of Glendale, as a whole, and we pledge ourselves to give our enthusiastic support to all matters which will make Glendale a more cultured community."

Plans Are Elaborate

"We already have under way building plans for the most unique and unusual academy to be found in the world, and one which will enable Glendale to become famed throughout the musical circles of not only America but of the entire world, bringing here musicians of national and international repute."

"These plans, because of their magnitude, will require much time to be worked out in their entirety, and in the meantime we will not withhold our many advantages from the aspiring musicians of Glendale, not only because we are anxious to get under way, but because of the generous co-operation of your Chamber of Commerce and Mayor Spencer Robinson."

'Bill Hart, Jr.' Is Member of The News Free Bicycle Club

Here's a boy who has a hero. He is Robert Magnin of 425 West Harvard street.

But if this lad could change his name it would be "Bill Hart, Jr."

Of course, William S. Hart, being unmarried, has no children and this boy would like to bear his name.

When he entered in The Glendale Evening News Bicycle Subscription club he said he was a "Bill Hart, Jr."

And only investigation proved it otherwise. However, he's a red-blooded American youngster.

Comforts Being Taken to Suffering Widow

BANFF, Alberta, July 28.—Heroic guides, carrying Mrs. W. E. Stone on a stretcher, picked a treacherous path from the foot of Mount Eon to Marble creek today, according to word reaching here.

The widow of the president of Purdue university was still in a serious condition, it was reported and too greatly overcome with grief to speak of the horrifying days during which she lay helpless in a deep crevice of the mountain beside the body of her husband.

A temporary camp was prepared at Marble creek with rough comforts for the suffering woman. A party of Alpine club members and newspapermen left here hastily Wednesday at noon to take invalids' food and medical supplies to the camp at Marble creek. They were due to reach the spot some time today. The party carrying Mrs. Stone out of the wilderness was due there this morning.

The body of Dr. Stone is also being brought out and should reach here Friday night.

Harding Forces Map Course for Return to Normal Conditions

By RAYMOND CLAPPER

United Press Staff Correspondent

WASHINGTON, July 28.—The Harding administration has mapped its course for a return to normal conditions.

Developments today made clear for the first time the essential points in this course which Harding hopes to carry through with the aid of congress.

It was understood he sought this aid in a dinner given to senators at the White House last night. The course as laid out involves a cleaning up of the "debris and left over" of the war. This includes the putting on a permanent basis of the allied debt to this country, the settlement of the government account with the railroads, the funding of \$7,500,000,000 government obligations, due in 1923, and the revision of revenue laws to wipe out war taxes.

The settlement of these matters will, in the opinion of the president, give the country a feeling of security and permanency which will serve as a starting point for industrial and commercial revival.

Desires Early Action

The foreign debt situation is in the hands of Secretary Mellon and the senate. Harding has indicated to senate leaders he desires early action.

Plans for the settlement of the railroad account with the government were explained in the presidential message yesterday.

Revision of the tax laws is proceeding in the house.

The next step will be to make clear to congress and the country what the administration proposes to do about the settlement of \$500,000,000 of government obligations. Plans for taking care of these obligations through an issue of short time treasury notes and of exchanging them for bonds of foreign nations which this government hopes to receive in the debt settlement have been discussed.

The fate of the soldier bonus, which President Harding urged the senate to shelve, awaits the completion of the rest of the administration program, it is understood.

CATHOLIC CHARITY
CAMPAIGN WILL
BE CONDUCTED

Ten Teams Will Be Chosen to
Do Necessary Work Over
City of Glendale

Following the regular meeting of the Y. L. I. at the Odd Fellows' hall Wednesday night two representatives of the Bureau of Catholic charities made a splendid appeal to the organization to back the Child Welfare campaign that is to be staged in the diocese of Monterey and Los Angeles August 8 to 15.

James F. X. Devane, secretary to Rev. W. E. Corr, director of the bureau, stated that the biggest thing the campaign will accomplish will be to make the business men of Los Angeles realize there is a board of Catholic charities and that it is carrying on a wonderful work. The success of the drive will be used as an argument to put across a community charity plan in and about Los Angeles, a thing that has never been properly considered by the people, Catholic and Protestant, of this district.

The entire campaign is based upon many years of work of the individual societies and upon two years' supervisory experience of the bureau. The financial campaign presents an unusual opportunity to churches, societies, clubs and people generally, to invest in world happiness as these welfare organizations are enabled to remove misery and its cause, it is explained.

Ten Teams Here

The method of procedure is designed to leave no loophole for possible failure. Lost motion has been eliminated and within the week designated the workers will have a personal interview with every member of every parish in the diocese. Miss Susan Wendell, Mrs. Frank Salmacia and Leo McMann were chosen to appoint leaders for the ten teams that will work in Glendale.

Following Mr. Devane's talk, James E. Mahan, a Los Angeles attorney, who is a member of the executive committee, spoke for a few minutes on the work that is being done by women in Los Angeles making and dressing dolls to be sold during the campaign.

The combined Catholic charities movement is nothing less than a summing up of the all round work of Catholic charity organizations;

Los Angeles Police
Nip Plot to Free
Convicted Gangster

LOS ANGELES, July 28.—Police today continued their investigation of the alleged plot of a dozen gangsters, now under arrest, to obtain the freedom of "Spud" Murphy, now in San Quentin, by a jail delivery financed with money stolen in Los Angeles.

Several more arrests are expected to follow, detectives intimated, as the details of the alleged plot are ferreted out or come to light. Of the original fourteen men arrested, but nine are directly connected with the San Quentin jail delivery angle of the conspiracy plot today, according to the police blotter.

None of the others have been released, however. Police are holding them on other charges, pending an investigation to prove if possible their connection with the alleged scheme of the other gangsters.

One of the fourteen arrested yesterday confessed to detectives that the gang planned to rob a bank messenger yesterday noon, and to "clean up" the general offices of a large taxicab concern on South Figueroa street immediately afterward.

their need, achievement and opportunity. The same appeal that would be made for each organization in this campaign is made at one time for all. The ultimate success is certain if the man and woman power of the church will organize and give their absolute devotion and allegiance to the cause during the week from August 8 to 15, it is stated.

Susie Jones Quitting
Typewriter to Teach
As Wages Are Better

CHICAGO, July 28.—Susie Jones, who has been pounding a typewriter for four years, is going back to school teaching.

The reason is that Susie—some thousands of her in Chicago alone, according to City Schools Superintendent Peter Mortenson—has lost her job in the general business depression or at least part of her pay.

She remembers that since 1917 there has been a great scarcity of school ma'ams to bring up the young Chicago idea. She knows that teaching salaries have advanced 25 per cent, which runs the stenographic wage scale pretty close.

As a result there has been a rush from office to school. The regular teaching positions are practically all filled now and five hundred substitutes are on the waiting list for winter.

Elementary teachers get a minimum salary of \$1200, instead of the \$775 minimum in 1917.

Mrs. S. F. Manson Is

CONCERT BY CHORUS SUCCESS

The concert presented by the Whitney chorus at the First Methodist church Wednesday night was an unusual success. The house was packed to overflowing and everyone present agreed that it was one of the finest musical programs ever given at the church. More than \$100 was realized, part of which will be turned over to the Vacation Bible school and the rest used by the chorus to pay traveling expenses.

CARPENTIER WANTS
TO QUIT RING
GAME NOW

Countrymen Proud of His
Record Although Beaten in
Dempsey Battle

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, July 28.—Georges Carpentier may never come back to America to fight.

Ovide Musin, one of the greatest of violinists and an enthusiastic boxing fan, has just returned from Paris with the opinion that the French hero is through with the ring.

"Despite his defeat by Dempsey, Carpentier is still the national idol. France considers him now almost as a martyr, in that he failed trying to accomplish the impossible," Musin said.

Fears Tommy Gibbons

"If Carpentier dies as the light heavyweight champion his record against Dempsey will be held to his credit instead of being covered up, but if he should come to America and be defeated by Tommy Gibbons, a boxer of his own weight and size, we would fall as an idol."

"Carpentier is being advised by his friends in Paris to quit the game with a record that all his countrymen are proud of."

Many Americans are coming around to the belief that Carpentier will not return. He has not answered the cable sent by Tex Rickard that Gibbons had been selected as his next opponent.

Mrs. Harry Houston, general chairman, presided. Mrs. J. W. Coffman of Springfield, Ill., addressed those present and gave them some valuable pointers in regard to the exhibitions to be displayed. Mrs. Coffman has acted as judge and also has entered a great many things at the Springfield fairs, which are considered the best in the country. She is to be judge for the culinary department at the San Fernando Valley fair.

At yesterday afternoon's meeting the report was made that the county had made an appropriation for the fair and that for this year it will be considered the official Los Angeles county fair.

At the close of the afternoon the hostess served dainty refreshments.

Governor Small Now Meek, Bends to Law

By LAWRENCE M. BENEDICT
United Press Staff Correspondent

CHICAGO, July 28. — Governor Len Small, indicted executive of Illinois, bowed meekly to the law today.

The governor who had repeatedly said he would call out state troops before he would submit to arrest on charges of embezzlement of large sums of state money, notified Sheriff Henry Mester of Sangamon county he was ready to surrender.

Immediately after "Iron Judge" Smith of the circuit court declared "Illinois has no king" and held the governor amenable to arrest, Small came to Chicago.

After a conference with political leaders and Albert Pink, at present his chief attorney, a message was sent by Pink to Mester advising the sheriff he would submit to arrest in Chicago today at the attorney's office. Mester replied that he would not go to Chicago to serve the warrant but would permit the governor to appear at his convenience in Sangamon and give bond.

The complete breakdown of the governor from his stand to "resist arrest" with his "entire strength" came as a result of a change in his legal advisers.

Mrs. B. F. Scott Given Transfusion of Blood

Mrs. B. F. Scott of 462 Hawthorne street, who was taken to the Research Hospital Monday for an operation, has been too low to have it performed. Her condition necessitated transfusion of blood from her son-in-law, G. C. MacDonald. She has had three so far, and it is expected that she will be given three more. She is said to have responded wonderfully to this treatment and it is believed that her system will be strengthened enough to stand the operation within ten days.

CLOSING EXERCISES FOR VACATIONAL BIBLE SCHOOL

HAROLD LLOYD TOO BASHFUL; HIDES FROM CROWD

Exhibits Will Be Featured at Gathering to Be Held on Friday Night

Audience at Glendale Likes Preview, But Also Wants to See Comedy Star

Closing exercises of the daily vacation Bible school at the First Presbyterian church will be held Friday night at 7:30 o'clock in conjunction with exhibits of the children's handiwork and dramatizations of the Story of Joseph and the Story of Ruth.

The average daily attendance at this session, according to Miss Besio Field, has been 150 with 240 enrolled. There are five regular teachers and ten assistants.

The daily program consists of the children marching in and saluting both the American and church flags. Ten minutes of music follows, led by Miss Elizabeth Mottern with Miss Gertrude Heldeman accompanying. The three departments—kindergarten, primary and junior boys and junior girls go to their respective class rooms and school begins.

Craftsmanship for Boys

A Bible story occupies a twenty-minute period after which three-quarters of an hour is given over to craftsmanship for the boys under the leadership of Paul Edmonds, and raffia work, quilt piecing and etching for the girls led by Miss Field.

One of the features of the school is the clay modeling done by the little folks. Psalms are illustrated by the primary department and the work of all will be on display in the church Sunday school rooms tomorrow afternoon and evening.

SOON RETURNS TO COLLEGE

Miss Mildred McKee, daughter of Mr. and Mrs. E. S. McKee of 130 West Chestnut street, is planning to leave next week for Berkeley, where she will start her junior year at college.

Watching Scoreboard

Yesterday's hero — Barney McManus, subbing for Sisler, the Browns' utility first baseman, broke a tie in the eighth with a homer. The Yanks lost, 7 to 5.

Art Neft fooled the Pirates all the way through and the Giants advanced a full game toward the top with a 4 to 1 victory.

The Cards nipped a Phil rally in the fifth inning with a triple play—Hornaby to Topercer to Fournier—and won out, 5 to 1.

The Reds took a fine fall out of the Braves by winning a doubleheader, 2 to 1 and 4 to 3.

Two runs in the seventh inning when Foster singled and O'Neil let Smith's throw get away from him gave the Red Sox a 5 to 4 victory over the Indians.

Joey Dugan pulled two errors and helped the Athletics lose to the Tigers, 4 to 1.

Two passes from Kerr, a single, a double and two triples gave the Senators five runs in the third inning and the White Sox lost, 5 to 4.

Peuther extended his greetings to the "black Sox" on trial and then went out and beat the Cubs, 10 to 2.

Schmandt, Robin first baseman, was badly hurt when hit by a pitched ball.

Harold Lloyd got 'em going last night. But he couldn't stop them. He is too bashful.

For fifteen minutes a packed house at the Glendale theatre applauded the star of "Many a Slip" who was present in person at its preview.

He actually hid in Manager W. A. Howe's office, overwhelmed by the success of his own creation, while Mildred Davis, the leading woman, and "Blinky Ben" H. M. Walker, who wrote the titles, stood in the lobby and accepted the congratulations of the crowd. Others of the company also were among the many film celebrities present.

"Many a Slip" is a knockout. Some similar situations have been seen before and the "big kick" in the comedy is the least bit English—but the situations. They are magnificent for mirth and Harold makes the most of them.

The plot hinges on the return of Harold's sweetheart's friend as a priest. She says, "You can marry me" and the hectic hero gets despondent. Then's when he slips, and slips and slips, only to learn that the girl meant her ministerial acquaintance could perform the ceremony for her and Harold.

Says Wife's Failure to Use Lip Stick Wrecks Many Homes

CHICAGO, July 28.—A wife's failure to use a lip stick has wrecked many a happy home.

The 5,000 members of the American Cosmetics Society, in convention here this week, are converts to the doctrine that curbing the male instinct to wander is part of their job.

"Men don't want to admit it, but they won't be good unless their wives make them," declared Mrs. M. F. Baird of Champaign, Ill., president of the society. "And when a man wanders, there's generally one answer. His wife has let herself become dowdy."

"The man who declares he won't let his wife do things to make herself attractive is generally looking over his shoulder at some woman who is," the president continued.

When reminded that the recent world's convention of Christian Endeavorers had severely and especially criticized the use of rouge, Mrs. Baird countered, sharply:

"Why does goodness have to be ugly?" she inquired.

"It is deplorable that virtue should so often be unattractive. When the really good women pay more attention to making themselves beautiful they will have done much toward getting a better hold on the boys and girls, who are growing up."

Object to Dances of School; Suit Results

SACRAMENTO, July 28. — The third district court of appeals here must decide whether old-fashioned folk dances are good physical training or whether they are vulgar and ruinous to the morals of school children.

C. C. Hardwick refused to permit his children, Irma, 13, and Douglas, 9, to learn the dances in the Fruit Ridge school, Sacramento county. The school authorities expelled the children. Hardwick sued the school trustees for \$500 and asked the reinstatement of his children. The lower court gave judgment to the trustees.

Hardwick declares his children were really being taught the terrible "two-step," the infamous "fox-trot" and the wicked "waltz."

The school trustees declare the dances were harmless and were good exercise and were not "ball room dances in any sense or to any degree."

Hardwick appealed the case and now the district court of appeals must decide the question.

TELLS 'DEAR KATIE' BESSIE BARRISCALE ABOUT BIG SHOW FOR C. OF C. IS FEATURED IN STRONG PLAY

Strivin' Reporter Predicts Story Is Almost Melodrama
Exposition Will Be Work But Has 'Different' End
of Art and Beauty and Is Entertaining

Glendale, July 28, 1921.
Dear Katie: It has come to my highly developed sense of perception as a strivin' reporter as how there is a lot of people livin' in Glendale, which the same seem to think that economy is but a excuse to go without something today, so they can buy a luxury tomorrow.

Them same people figure as how it's economy to go to Los Angeles to buy a package of raisins for 24 cents which the same is sellin' for 25 cents in Glendale, never stoppin' to figure as how they pay 30 cents to the P. E. for the chance to save one cent on the raisins.

A lot of the contrary sex will leave the breakfast dishes in the sink and race off to some bargain (?) sale in Los Angeles and push and shove and scramble, like in a football scrimmage, to buy a \$6.00 shirt waist at half price, which the same is sold the year around in Glendale for \$2.98.

Well Katie, I ain't got nothin' against Los Angeles. It is quite true as how you can get anything there except sympathy, but why don't the people "buy in Glendale if it is just as good or better and costs no more?"

Thing Of Beauty And Joy

With the idea of showing the people of Glendale that they can do that very thing, we are goin' to have a Merchants' Exposition in this here town from Aug. 27th to Sept. 3rd that will be a thing of beauty and a joy for a week.

While the interest which people will take in the big show will no doubt be intense, the big show itself will also be in tents.

Everything from rollin' pins to gas ranges will be open for inspection, examination and consideration. Automobiles, complete with everything, except a piano lamp and a canary bird will be on display.

Everything from a bar of soap to a bath tub will be demonstrated as to what they're for and how they're used.

Everything that ladies love in lacy lingerie will be shown in famous fashion fetes. And out of the swathing mists will come hints of new colors, vague lines of beauty, hiding yet hinting, dimly, like a Ford in a fog.

Say Katie, that last line might be as clear to you as a cloudy day is in Pittsburg, but I know about as much about feminine fads as a Esquimo does about pink pajamas. And if I told what little I do know, the boss would probably censure it anyhow.

Yes Indeed, People

In the grocery booths there will be everything from soup to tooth-picks.

And there will be other booths—too many to mention—and people can come and look and listen and eat and ask questions and sample the crackers to their heart's content.

Comin' events cast their plans in advance as the sayin' is and accordin' to the plans so far, the Glendale Merchants' Exposition is goin' to be the finest show of the season.

And with the C. of C. behind it, how could it be otherwise?
Yours on approval,
E. C. HALE.

Settings of unusual charm and good taste form the background for "The Breaking Point," the latest Hodgkinson released picture starring Bessie Barriscale, which began a two days' engagement at the Glendale Theatre yesterday.

"The Breaking Point" was adapted by H. H. Van Loan from the story, "The Living Child," by Mary Lerner. J. L. Frothingham is the producer, and in this picture at least he has shown himself a master in the rare art of picking casts. For, besides Miss Barriscale, whose work is very sympathetic, there is a supporting cast which possesses great strength—Walter McGrail, as the weak and vicious husband; Eugenia Besserer, as his dignified and very charming mother; Ethel Grey Terry, as "the other woman"; and Pat O'Malley, Wilfred Lucas, Joseph J. Dowling, Lydia Knott, and the child actress, Irene Yeager, complete the list.

The story is one which, while bordering on the melodramatic, is nevertheless entertainment that will appeal to the discriminating. The crystal bead screen adds to one's enjoyment of the splendid acting.

"The Janitors," another Sunshine comedy; the Gump cartoon, "Ship Ahoy" and latest Pathe News complete the bill.

Great Gasoline Plant Is Supplying Stations In Glendale District

Few local residents realize that Glendale now has one of the largest and most up-to-date suburban gasoline distributing plants in southern California. The establishment, which is a part of the vast Standard Oil company's interests in California, is located along the Southern Pacific railroad tracks on the corner of San Fernando Road and Colorado boulevard.

Since beginning operations on July 1 the plant, under the direct supervision of H. V. Smith, has supplied the entire Standard demand for the "Glendale territory," which is bounded by Los Angeles, Burbank and Pasadena. All of the products of the main company, including gasoline, oils, greases, etc., are regularly distributed by the newly-organized local branch, which employs twenty-five men.

The entire distributing station covers approximately two acres, and consists principally of three large tanks with a capacity of 200,000 gallons. The annual output of the Standard Oil company in the local territory has been conservatively estimated at 50,000 barrels.

The total cost of the plant is given at \$75,000, making it one of Glendale's largest concerns.

Baseball Skeletons Are Shaking Again

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, July 28.—Ban Johnson's statement that more ball players are liable to be put on the carpet after the "black Sox" are tried started off some of last winter's skeletons shaking in their closet.

Connie Mack and his 1914 Athletics are being brought into the stories, it being said that if the gaunt Philadelphia leader gave the real reason for breaking up his great machine after it had lost four straight to the Boston Braves it would be a sensation.

Mack, however, has an answer to that. In a message to the United Press, he says:

"Such stories are too ridiculous to make a reply. The Athletic players were clean and they are still clean, as can be shown by the players who are still in the game. I have stated many times why my 1914 team was broken up."

Benny Kauff, who was mentioned in the "confession" of Heinie Zimmerman is still out of the game, although he was cleared of the charge of grand larceny in connection with a stolen automobile, for which Judge Landis suspended him from the game.

Changes In Railway Routing Are Offered

The latest suggestion to solve the Pacific Electric's traffic problems on Hill and Sixth streets, Los Angeles, was put forth yesterday in a report recommending that the Hill street station be abandoned, Sunset boulevard Hollywood cars be routed onto the Glendale line and a new terminal established at Fifth and Flower streets—all to follow the opening of Fifth street west of Hill. This would eliminate tunnel and traffic problems and place the commuters within three or four blocks of the business center of the city, it is said.

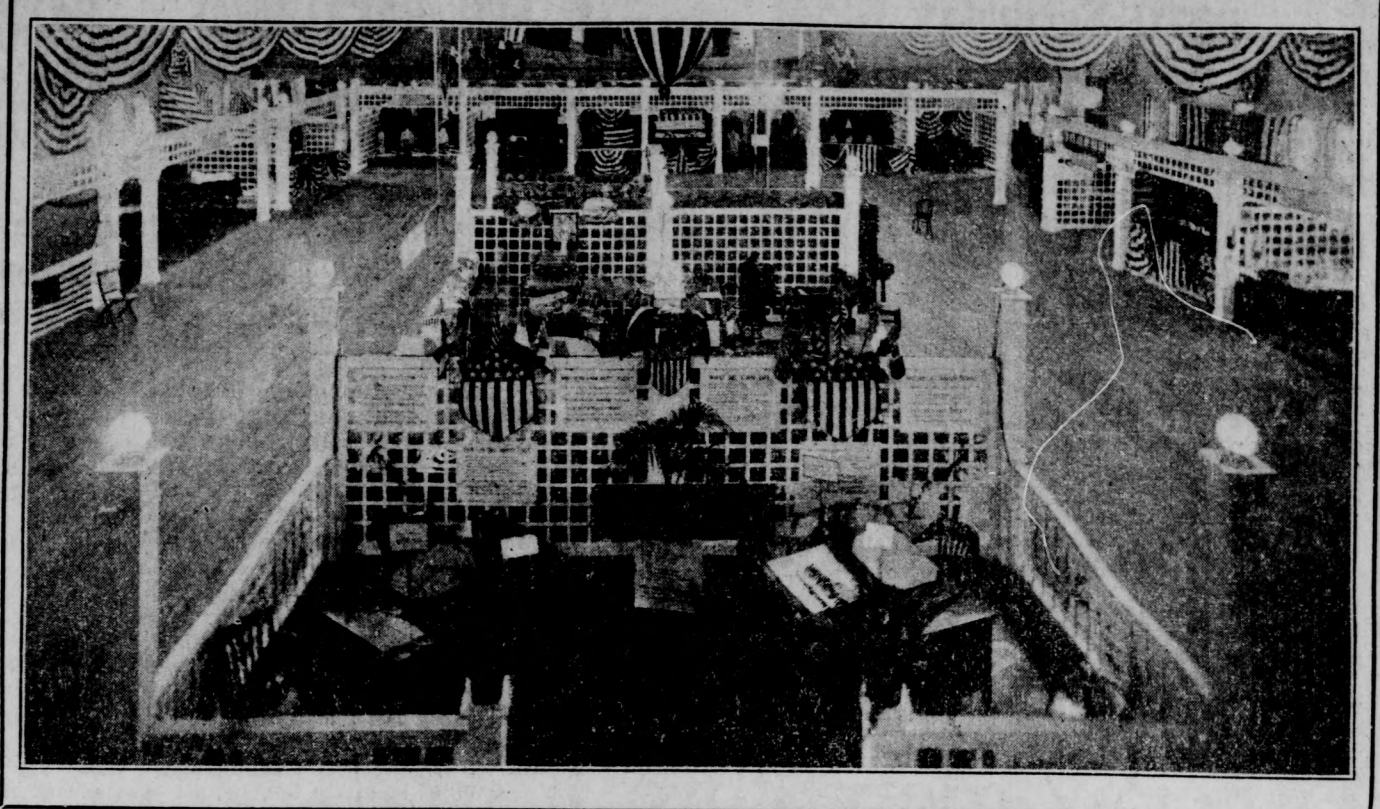

Glendale Merchants' Exposition Will Look Like This

Many Attractions Are
Promised; Program
Given Daily

Here's how the Glendale Merchants' Exposition will look when the booths are ready for the displays. The picture of the interior of the big tent is furnished by the Pacific Coast Exposition company which has staged similar shows in Whittier, Santa Ana, Pasadena and other southern California cities.

As can be imagined from the accompanying picture, it will be one of the greatest events ever seen in Glendale from the standpoint of a comprehensive display. So spacious are the quarters that 15,000 visitors can see the show during a day's time. It is also noticeable that the exhibitors are all sharing alike in the matter of choice positions to display their wares.

In addition to the commercial style and motorcar exhibits, a big program daily will feature the Exposition, making it a most attractive gathering place in the afternoons and evenings. Vaudeville and concert attractions, besides parades of mannish will draw great crowds and af-

American Dollar Is Big Chap There; See What He Can Secure

By MILES W. VAUGHN
United Press Staff Correspondent

RIO DE JANEIRO, July 28.—Declines in exchange today made the American dollar the strong man of South America. Americans, tourist and residents, were in luck. Their United States dollars had practically tripled in value compared with the days before the decline. Where the Brazilian mites once was worth twenty cents, it was down around eight cents today.

A tourist from the United States can rent an automobile for the night, attend the opera, dine well afterward at the fanciest cafe, lose a few metres at baccarat in one of Rio's gambling houses, top his night with a good breakfast and find his entertainment has cost less than \$25.

There is no lack of opportunity for these \$25 nights. In fact, Brazil has embarked on such an orgy of pleasure hunting that reformers are planning an assault on the "bathing parties" that gather on the moonlit shores and for a clean-up of the clubs and cabarets where gambling, wine, women and song are the attractions.

The moonlight "bathing parties" are first in line for attack. Reformers who have spent days—and nights—in the collection of evidence declare that Aphrodite arising from the sea was no more of a revelation than some of the beauties who dance on the sands here. They reported sights which would shock staid old Ostend, where the one-piece bathing suit is an old story.

Bars, cabarets and gambling resorts are packed every night. Entertainers cast off all restraint and about everything else.

Kitty Offers Her 9 Lives In Long Leap

Kitty was on top of a high telephone pole. How she got there nobody knows, but several kind-hearted ladies at 244 South Glendale avenue sent in a hurry call to the fire department to come and help.

Before the hook and ladder could get there, however, several vicious mocking birds began to attack her in such wise that her cries touched the hearts of two young men who were passing. They were A. E. F. veterans and the problem that puzzled the fire department was nothing to them—one of them, Alan Hines of East Elk avenue, quickly shinned up the pole to rescue kitty, but just before he reached forth to save her she took matters into her own hands and jumped.

She was probably risking only her sixth or seventh life for she landed safely on all fours and running.
